

Chapter 20

SPECIAL HOUSING TYPES

[24 CFR 982.601]

INTRODUCTION

The PHA will permit the use of any special housing types in its program that are consistent with State or County law, except for group homes and shared housing.

Verification of Need for Reasonable Accommodation

Acceptable documentation as verification of the need for reasonable accommodation would be a letter to the PHA describing how the special housing type requested provides the accommodation of which the person is in need. The request and documentation will be reviewed by a Rental Assistance Manager and a written response stating approval or disapproval will be sent to the applicant/participant within 30 days of receipt of the request.

A copy of the PHA's response with supporting documentation will be maintained in the applicant/participant's file. The requested housing type must be approvable by all other HUD standards and HQS requirements in accordance with 24 CFR 982 Section M - Special Housing Types.

A. SINGLE ROOM OCCUPANCY [24 CFR 982.602]

The PHA will use a separate lease and housing assistance payment contract for each assisted person residing in a SRO. [24 CFR 982.603]

SRO Rent and Housing Assistance Payment [24 CFR 982.604]

Premerger Regular Certificate Program

The payment standard for SRO housing is 75 percent of the zero bedroom FMR.

Voucher Program

The PHA SRO payment standard is 75 percent of the zero bedroom payment standard schedule. For a person residing in an exception area the payment standard is 75 percent of the HUD-approved zero bedroom exception payment standard amount. While an assisted person resides in SRO housing, the SRO payment standard must be used to calculate the housing assistance payment.

Utility Allowance

The utility allowance for an assisted person residing in SRO housing is 75 percent of the zero bedroom utility allowance.

Housing Quality Standards

The PHA will ensure that all SRO units approved for the program are in compliance with all of the Housing Quality Standards for SROs as regulated in 24 CFR 982.605.

B. CONGREGATE HOUSING [24 CFR 982.606]

An elderly person or a person with disabilities may reside in a congregate housing unit.

The PHA may approve a family member or live-in aide to reside with the elderly person or person with disabilities.

The PHA will approve a live-in aide if needed as a reasonable accommodation so that the program is readily accessible to and usable by persons with disabilities.

Congregate Housing Lease and HAP Contract [24 CFR 982.607]

For congregate housing there will be a separate lease and HAP contract for each assisted family.

Unless there is a live-in aide, the payment standard for a family that resides in a congregate housing unit is the zero-bedroom payment standard on the PHA payment standard schedule.

However, if there are two or more rooms in the unit (not including kitchen or sanitary facilities), the payment standard for a family that resides in a congregate housing unit is the one bedroom payment standard amount.

If there is a live-in aide, the live-in aide will be counted in determining the family unit size.

Housing Quality Standards

The PHA will ensure that all congregate housing units approved for the program are in compliance with all of the Housing Quality Standards for congregate housing as regulated in 24 CFR 982.609.

C. COOPERATIVE HOUSING [24 CFR 982.619]

The PHA will approve a family living in cooperative housing if it is determined that assistance under the program will help maintain affordability of the cooperative unit for low-income families. The PHA will not approve assistance for a family in cooperative housing until the PHA has also determined that the cooperative has adopted requirements to maintain continued affordability for low-income families after transfer of a cooperative member's interest in a cooperative unit (such as a sale of the resident's share in a cooperative corporation).

The reasonable rent in cooperative housing is determined in accordance with "Owner Rents, Rent Reasonableness, and Payment Standards" chapter. For cooperative housing, the rent to owner is the monthly carrying charge under the occupancy agreement/lease between the member and the cooperative.

The carrying charge consists of the amount assessed to the member by the cooperative for occupancy of the housing. It includes the member's share of the cooperatives' debt service, operating expenses, and necessary payments to cooperative reserve funds. However, the carrying charge does not include down-payments or other payments to purchase the cooperative unit, or to amortize a loan to the family for this purpose. Gross rent is the carrying charge plus any utility.

For a cooperative, rent adjustments are applied to the carrying charge as determined in "Owner Rents, Rent Reasonableness, and Payment Standards" chapter.

The lease and other appropriate documents will stipulate that the monthly carrying charge is subject to Section 8 limitations on rent to owner. The housing assistance payment will be determined in accordance with the guidelines in "Owner Rents, Rent Reasonableness, and Payment Standards" chapter.

The PHA may approve a live-in aide to reside with the family to care for a person with disabilities. The PHA will approve a live-in aide if needed as a reasonable accommodation so that the program is readily accessible to and usable by persons with disabilities. If the PHA approves a live-in aide, the live-in aide will be counted when determining the family unit size.

Housing Quality Standards

The PHA will ensure that all cooperative housing units approved for the program are in compliance with all of the Housing Quality Standards outlined in the "Housing Quality Standards and Inspections" chapter, and regulated by 24 CFR 982.401.

D. MANUFACTURED HOMES [24 CFR 982.620]

The PHA will permit a family to lease a manufactured home and space with assistance under the program. The PHA will provide assistance for a family that owns the manufactured home and leases only the space.

The PHA may approve a live-in aide to reside with a family to care for a person with disabilities. The PHA will approve a live-in aide if needed as a reasonable accommodation so that the program is accessible to and usable by persons with disabilities. If the PHA approves a live-in aide, the live-in aide must be counted when determining the family unit size.

Housing Quality Standards [24 CFR 982.621]

A manufactured home must meet all the HQS requirements outlined in the "Housing Quality Standards and Inspections" chapter and regulated by 24 CFR 982.401. In addition the manufactured home also must meet the following requirements:

A manufactured home must be placed on the site in a stable manner, and must be free from hazards such as sliding or wind damage.

A manufactured home must be securely anchored by a tie-down device that distributes and transfers the loads imposed by the unit to appropriate ground anchors to resist wind overturning and sliding.

Manufactured Home Space Rental [24 CFR 982.622]

Rent to owner for a manufactured home space will include payment for maintenance services that the owner must provide to the tenant under the lease for the space.

Rent to owner does not include the cost of utilities and trash collection for the manufactured home. However, the owner may charge the family a separate fee for the cost of utilities or trash collection provided by the owner.

Reasonable Rent

During the assisted tenancy, the rent to owner for the manufactured home space may not exceed a reasonable rent as determined by the PHA.

The PHA will not approve a lease for a manufactured home space until the PHA has determined that the initial rent to owner for the space is a reasonable rent. At least annually during the assisted tenancy, the PHA will re-determine that the rent is reasonable.

The PHA will determine whether the rent to owner for a manufactured home space is a reasonable rent in comparison to rents for other comparable manufactured home spaces. The PHA will consider the size and location of the space and any services and maintenance provided by the owner in accordance with the lease.

By accepting each monthly housing assistance payment from the PHA, the owner of the manufactured home space certifies that the rent to owner for the space is not more than rent charged by the owner for unassisted rental of comparable spaces in the same manufactured home park or elsewhere. If requested by the PHA, the owner must provide the PHA information on rents for other manufactured home space.

Housing Assistance Payments for Manufactured Home Space [24 CFR 982.623]

The FMR for a manufactured home space will be determined by HUD.

HAP for the Regular Tenancy Program

For the Regular Tenancy Program the initial rent to owner for leasing a manufactured home space may not exceed the published FMR for a manufactured home space.

During the term of a certificate tenancy, entered prior to the merger date, the amount of the monthly housing assistance payment equals the lesser of:

The manufactured home space cost minus the:

The Total Tenant Payment; OR

The rent to owner for the manufactured home space.

"Manufactured home space cost" means the sum of: the amortization cost, the utility allowance, and the rent to owner for the manufactured home space.

The amortization cost may include debt service to amortize costs (other than furniture costs) included in the purchase price of the manufactured home. The debt service includes the payment for principal and interest on the loan. The debt service amount will be reduced by 15 percent to exclude debt service to amortize the cost of furniture, unless the PHA determines that furniture was not included in the purchase price.

Any debt service due to refinancing the manufactured home after purchase of the home is not included in the amortization costs.

The PHA will not approve as part of the monthly amortization payment, set-up charges to be included in the debt service incurred by a family that relocates its home.

The PHA will not include as part of the monthly amortization payment, set-up charges incurred before the family became an assisted family, if monthly payments are still being made to amortize such charges.

HAP for the Voucher Tenancy

There is a separate FMR for a family renting a manufactured home space. The payment standard is used to calculate the monthly housing assistance payment for a family. The FMR for rental of a manufactured home space is generally 30 percent of the published FMR for a two-bedroom unit.

Subsidy Calculation for the Voucher Program

During the term of a Voucher tenancy, the amount of the monthly housing assistance payment for a family will equal the lesser of:

The payment standard minus the total tenant payment; or

The rent paid for rental of the real property on which the manufactured home owned by the family is located (the space rent) minus the total tenant payment.

The space rent is the sum of the following as determined by the PHA:

Rent to owner for the manufactured home space;

Owner maintenance and management charges for the space;

The utility allowance for tenant paid utilities.

Utility Allowance Schedule for Manufactured Home Space Rental [24 CFR 982.624]

The PHA will establish utility allowances for manufactured home space rental. For the first twelve months of the initial lease term only, the allowances will include a reasonable amount for utility hook-up charges payable by the family, if the family actually incurs the expenses because of a move.

Allowances for utility hook-up charges do not apply to a family that leases a manufactured home space in place.

Utility allowances for manufactured home space will not be applied to cover the costs of digging a well or installation of a septic system.
